Changing & Showering Guidelines Open Age Cricket

These guidelines apply to adults, and children, using the changing facilities at Totton & Eling Cricket Club.

- Children and adults are not to use the same changing facilities at the same time.
- Adults must not change, or shower, at the same time, using the same facility, as children - if the same changing room is used then they must be allocated different time slots
- If adults and children need to share a changing facility, they must do so at different times.
- Mixed gender teams must have access to separate male and female changing rooms
- Due to the risks of inappropriate photography or filming, mobile phones must not be used in changing rooms
- If children are uncomfortable changing or showering at the club, no pressure should be placed on them to do so. It is suggested instead that they may change and shower at home.
